

LOCKRIDGE TO BE THE POSTMASTER

SENATOR BEVERIDGE'S RECOMMENDATION FOR GREENCASTLE POSITION SENT IN.

GERALD INFORMS APPOINTEE

WASHINGTON, D. C., February 23, 1910—Senator Albert J. Bever-

idge of Indiana this morning sent to President Taft a recommendation that Albert O. Lockridge be appointed postmaster at Greencastle, Indiana. The recommendation probably will be sent to the Senate to be confirmed within the next few days.

Albert O. Lockridge will succeed J. G. Dunbar as postmaster for the Greencastle office. Senator Beveridge on Friday recommended to the President that Mr. Lockridge be appointed and there is little doubt that the recommendation will be confirmed. The contest for the appointment has been more than usual interest here as there has been several candidates, all of whom believed that they had a good chance of getting the appointment. It was just at noon that the Star-Democrat received special from Washington announcing Mr. Lockridge's success. A representative of the paper immediately called Mr. Lockridge by phone and gave him the first news of his appointment. "I want to thank my friends for their earnest work in my behalf," he said. "I certainly appreciate the appointment and will do all in my power to give the people of Greencastle the best service while I am in office. But to my friends who have worked for me during my race for the appointment I give much credit for my victory. To them I want to express my appreciation." Mr. Lockridge was born Feb. 27, 1851, on a farm near Greencastle and has lived in Putnam County all of his life. He has always been a lover of farming and has by close study of Agriculture for the past 20 years become so well informed that he has gained a reputation as an authority on that subject. Mr. Lockridge is in great demand as a Farm Institute speaker and has addressed institutes in virtually every county in the state. He was for six years a trustee of the Central Hospital for the Insane in Indianapolis, being appointed by Governor Mont. Last year he served as Republican City Chairman.

JAMES W. STAMPER INSANE

Commission in Squire Danberry's Court Recommends That He Be Committed to the Asylum.

James W. Stamper of Washington Township was adjudged insane in an inquest held in Squire Wm Danberry's court Thursday afternoon. Drs. J. M. King, J. L. Gillespie and W. R. Hutcheson of this city composed the commission to examine Stamper. Papers were received at the county clerk's office Friday asking for his commitment to the Central Indiana Hospital for the Insane.

Mr. Stamper's hallucinations began about five weeks ago and he imagined that he was the owner of a rolling mill, but that a man who had it would not turn it over to him. He also imagined that people belonging to a very prominent church were after him and that one was going to behead him. Mr. Stamper will be taken to the hospital as soon as the papers can be made out.

\$2,500 DAMAGES FOR DAVE HOLDEN

JURY IN CASE AGAINST THE DOMESTIC COAL CO. FINDS FOR PLAINTIFF.

MEN WERE OUT FOUR HOURS

The jury in the case of David Holden vs. The Domestic Block Coal Company, which has been pending in the Putnam Circuit Court since Tuesday, arrived at a verdict at about 7:30 Thursday evening, after being out four hours. The verdict gives the plaintiff \$2500 damages.

The case has been one of the hardest fought in the local court the defendant coal company maintaining that Holden was not performing his duties when hurt. The complaint states that the company sent Holden into the mine to prop up an unsafe place; that while his working partner was securing a cross bar Holden stepped back into an adjoining room to get a piece of pie and while he was stooping over his dinner pail, slate fell in upon him, injuring his arm and back.

Holden brought suit in the Vigo Circuit Court and on default of the company's appearance he was awarded damages in the sum of \$3500. The company had this set aside and the case was taken to Clay County on change of venue. From Clay it was brought here. G. S. Payne brought the suit for Holden and he has been assisted by J. H. James, W. T. Douthitt of Terre Haute and S. A. Hays defended the suit.

The jury consisted of James I. Nelson, Lincoln Hutchens, Samuel Purcell, Henry C. Fred, Joseph Donohue, Nathan Chapman, Evan Cline, Chas. Sinclair, Warren Pickens, Lon Cook, Chas. King and Hiram C. Allen.

GEO. GRUBB GETS HAMILTON STOCK

LUMBER DEALER BIDS IN STOCK OF DEFUNCT HARDWARE STORE AT \$2600.

JESSE MCCOY LOSES IT

The stock of the defunct Hamilton Hardware Store was sold Saturday morning by Jackson Boyd, trustee in bankruptcy to George Grubb, the local lumber dealer, for \$2600.

Last Saturday was the original time set for the sale of the stock and Jesse McCoy, of Cloverdale, was the highest bidder, he offering \$2250 for it.

Mr. Boyd was not satisfied with the price, however, and set today as a time for receiving additional bids. Mr. McCoy was a bidder again today but Mr. Grubb secured the stock. The purchaser has not announced what disposition he will make with the stock.

"GRAFTON," NOT "GRAFTIN"

Alms Solicitor Misunderstood Banker When he Called Friend's Name.

COLUMBUS, Ind., February 23.—A few days ago Grafton Johnson, proprietor of the Greenwood canning factory, came to this city on business and called to see Joseph I. Irwin, at Irwin's bank. During the conversation between the two capitalists Mr. Irwin was called away for a moment and the canning factory man, thinking the conversation had closed, started to leave the bank. Mr. Irwin was not through talking to him, so he hurried to the front door of the bank to attract his attention.

Johnson was crossing the street, but was within calling distance, so Mr. Irwin called, "Grafton! Grafton!"

Just then a representative of the Salvation Army, dressed in full uniform, entered the bank to solicit funds for the cause. He got in just in time to hear the banker call "Grafton" in a loud tone. "Indeed, I'm not graftin," he declared in an indignant voice. "I want you to understand that I am honest and have my credentials with me." And he swung on his heel and left the bank.—Indianapolis News.

Mr. Johnson is well-known in this city where he has often visited, and the little story is much appreciated here.

RICHARD WHITE SENTENCED

Grant Buster Exonerated in Connection with Forgery Case.

Buster was set free and White was sentenced from two to fourteen years in the reformatory at Jeffersonville.

White is the young man who several weeks ago secured \$21 of Geo. Cook and \$25 of the Model Clothing Company on checks bearing the forged signature of James Bridges.

TAX COMMISSIONERS HERE

McArdle and Matson Address the Township Assessors at Court-house.

The township assessors of Putnam County met on Thursday morning with County Assessor George A. Dobbs at the Commissioners' Room at the Courthouse and listened to addresses by John McArdle and Col. C. C. Matson of the state tax commission in regard to the duties to be performed by them beginning March 1st.

All the township assessors were present with the exception of one, who could not get in in time for the meeting. The speakers went over the law in the matter of taxation and explained the matter thoroughly to the assessors. There is something like \$18,000,000 of taxable property in Putnam County and it will be the aim of the assessors to have all this property listed.

FIGHT STILL ON AT SEELEYVILLE

WETS AND DRIES HAVE NOT YET SETTLED THEIR DIFFERENCES AT TERRE HAUTE

SALOON MEN GAIN GROUND

Many Greencastle people who are interested in the fight between the liquor and the temperance forces over the question as to whether or not Seeleyville will remain wet had about lost track of the row, and had made up their minds that it had been settled but this is not the case. The fight has been going on in the Vigo County Commissioners' Court for several weeks as the following from the Terre Haute Tribune, a wet paper will indicate:

Matters became interesting in the county commissioners' court Thursday in the hearing of the case of the remonstrators against the issuance of licenses for the sale of liquor in Lost Creek Township, when witnesses were introduced to testify that their names were not legally among the remonstrators.

A Shelf, the first witness, said that he authorized another person to sign his name to the remonstrance with the understanding that only the town of Seeleyville was to be affected. He said he did not read the words of the remonstrance and did not know that the whole of Lost Creek Township was included in the remonstrance.

Another citizen said that he was a resident of Terre Haute and was only visiting in Lost Creek Township when his name was signed to the remonstrance. Several others gave similar evidence that their names did not rightfully belong on the remonstrance.

When the remonstrance was filed with the county commissioners it contained 520 names. It requires the names of 407 of the 813 voters in the township to hold against the saloon men, and Attorney Charles Crawford, has succeeded in making such headway that the opinion is being freely expressed that in the end the "wets" instead of the "drys" will have a majority when the trial, which has already lasted four weeks is concluded.

Half of the townships in Vigo County are dry by blanket remonstrance and a determined effort has been on foot for the last two years to put Lost Creek in the "dry" list. The remonstrators are represented by Attorney Robert Stimson, of Terre Haute, and Ex-Representative Minton, of Indianapolis, who was the author of the blanket remonstrance law and of the county option law. Much bitter feeling has been aroused since the beginning of the proceedings and the case has been the hardest fought of any liquor trial in the history of the county.

MAY BE JOKE ON ADMINISTRATION

BUT JOKE OR NO JOKE, SOME WOULD PUT FIREMEN ON THE STONEPILE.

WHO WILL BE SLAUGHTERED?

With the announcement that the city administration will probably reduce the number of men employed in the police fire and street departments, a rumor has been going the rounds to the effect that the council will make further efforts at economy by having the men of the fire department break stone at the stone pile on the engine lot at times when they have nothing else to do. While this rumor savors of a joke has started a great deal of talk and no little comment for and against the proposition is heard.

Joke or no joke, it is being taken quite seriously by a great many people who either declare that it is just the move to make or that its foolish and would prove undignified for a city the size of Greencastle to have its fire department at work on a stone pile. Those for the proposition say that it would save the city hundreds of dollars in the course of a year's time and would "enable us to keep the tax levy where it is;" that the stone pile is right there at the engine house and three fourths of the day the men have nothing else to do.

But allowing this joke or sincerity, or whatever it is, to take care of itself, a number of people are worrying their minds as to who has incurred official displeasure to the extent of being placed on the retired list, and these parties are watching the affair with no little curiosity. Some maintain that the whole force of city employees were wrong politically not many months ago and the action now to be taken is intended as whole sale retaliation in the guise of economy.

What a Citizen Says.
The understanding that the members of the Common Council have other reforms in contemplation in connection with those proposed on Tuesday evening last One of these is that the city street commissioner will earn his salary by working as the street men do, and not stand around with a pipe in his mouth.

Another is that the members of the fire department will crack the rock on the stone pile at the engine house and save the expense of employing men to do that work.

TEACHERS HAVE TROUBLES

The last teachers' examination proved the undoing of many who tried. It was a source of trouble also for those who graded the papers. One question in literature especially was difficult to grade. It was, "Sail on, O Union, Strong and Great," give the figure of speech. Some called it personification, some apostrophe and some allegory. Two of these seemed to have chances of being right. Tuesday morning Superintendent Thomas called up the State Board and was instructed to mark as correct those who answered metaphors, personification or apostrophe. This decision was the result of a conference of examiners at the state house, and shows the troubles the examined and examiners sometime meet.

WM. HOFFMAN GETS DIVORCE

Alimony Refused Cross-Complainant in Proceedings Held Thursday Before Judge Rawley.

William Hoffman was granted a divorce from Roxie L. Hoffman in the circuit court Thursday afternoon together with the custody of the child, George, aged four years. Roxie Hoffman has the privilege of visiting the child at reasonable times and is to have its custody three days every quarter year. The divorce was secured on the grounds of cruel treatment.

Prior to the proceedings Mrs Hoffman had filed a cross-complaint in which she asked for a divorce and the custody of the child, together with \$300 alimony and \$100 attorneys' fees, and the trial that took place before Judge Rawley was short, there only being a few witnesses heard. Gillen & Wilson represented the plaintiff and Attorney Hoover of Indianapolis the cross-complainant.

NEW BUNCO GAME ON MONON TRAIN

SMOOTH YOUNG MAN WHO HAD LOST HIS TICKET GETS \$2. FROM CRAWFORDSVILLE MAN BY CLEVER PLAN.

TICKET WAS FOUND LATER

Passengers and the train crew of the Monon south bound accommodation train which reaches here at near 5:30 witnessed a most unique and clever bunco game by which a Crawfordsville young man was touched for \$2 Thursday afternoon. The game was played by a youth who claimed that he was on his way from some point in Illinois to Bloomington, Ind.

The boy got on the train at Lafayette and soon the conductor went to him for his ticket. The young man who appeared to be about twenty years old, reached in his pocket to get his ticket but did not find it. He immediately claimed that the ticket, was a "through ticket and had not been returned to him by the first conductor he had given it to.

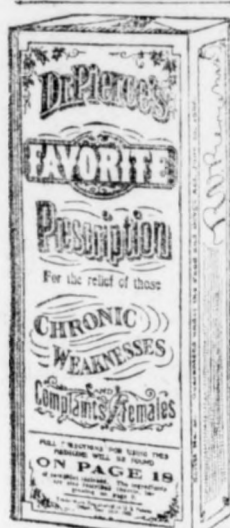

The Monon conductor insisted that he must produce the ticket or get off. The lad searched for several minutes going the entire length of the train and telling most everyone on the train that his ticket had not been returned to him and that he had no money to pay his fare on to Bloomington.

Finally he sat down by a man who had boarded the train at Lafayette and who was on his way to his home in Crawfordsville. The stranger told his story and then asked for a loan of \$2. The Crawfordsville man loaned him the money. The lad then went to the conductor and paid his fare to Bloomington, taking a receipt from the conductor.

When the Crawfordsville station was reached the benevolent gentleman got off. The train had hardly left Crawfordsville when the young man went to the conductor and produced the lost ticket. Of course the conductor was forced to accept the ticket and refund the borrowed \$2. The young man was just \$2 ahead.

The conductor as well as many of the passengers were confident that the whole thing had been nothing more or less than a "hold up" "It didn't take him long to find that ticket after his benefactor got off the train, did it?" said the conductor to several of the passengers. "The lad worked a smooth game but I am powerless to do anything now," he said.

James L. Ingram of Dennson, Ill., who has been visiting his sister, Mrs. W. A. Williams, returned home Sunday. Recently Mr. Ingram sold his farm on the Wabash river, near Terre Haute, and he and his family will move to Texas soon.

MOSS FLAYS THE HOUSE SPEAKER

UNCLE JOE THE SUBJECT OF A STATEMENT GIVEN OUT BY CONGRESSMAN.

TELLS OF "CZAR'S" METHODS

Representative Ralph W. Moss, in a statement analyzes the situation in Congress and shows how Speaker Cannon and Senator Aldrich control legislation. He does not spare the members of the Democratic party in Congress who do the bidding of the reactionary leaders, and says that these renegade Democrats are called upon by the so-called leaders to save the day whenever the Aldrich-Cannon program is threatened with defeat by a revolt of the Republican progressives.

It is by packing and controlling committees, Mr. Moss asserts, that legislation demanded by the people is suppressed.

"On the rostrum in front of the speaker," he says, "is a small basket known as the 'hopper,' which is the starting point in the journey any bill must take to become a Federal law. The member places his bill in this basket without any announcement or ceremony. The clerks of the House sort these bills over and deliver them to the chairman of the committees to which they go under the rules of the House.

"The speaker does not see them, and, excepting that their title is printed in the Record, no member of the House has any knowledge that the bill has been laid before Congress for action.

Bills Die in Committee.

"The first point to remember, then, is that bills go unread to the committees and that no member has the slightest opportunity to befriend them or assist them until they come back from the committee—and the very large majority of all bills die in committee.

"It is very evident that a friendly committee is of the utmost advantage in the committees over legislation is very great. As the country grows and the various sections develop their resources, more and more work of shaping our legislation will be done in committees. "I presume it would be no exaggeration to say that the work of one of these great committees is now as important as the whole work of Congress was prior to the civil war. Now, under the rules of the House, the speaker appoints the committees and absolutely determines the membership of them.

"Speaker Cannon has wielded that power for a period of eight years continuously. The average length of service of a member of the House is said to be only seven years, so that Uncle Joseph has controlled the membership of the committees of Congress for more than one generation in the life of our National House of Representatives.

"In the Senate this power has practically centered in Senator Aldrich; and thus it came about that these two men (Aldrich and Cannon), two members of a Congress composed of 391 members in the House and 92 members in the Senate, all of whom are supposed to be peers—are associated together in the public mind as constituting the legislative authority of our government.

"By working together they defeated Roosevelt in his efforts to give the people a 'square deal' and were able to withstand his wonderful energy, popularity, and the immense majorities with which his platforms were ratified by the American people.

"They have so far been able to paralyze the Taft administration in its policies and have outlawed the progressive members of their own party in Congress, and, reviving the customs of the American Indians, who adopted renegade whites to take the vacant places of warriors slain in battle, they have secured the allegiance of Democratic members whenever defeat faced them through the revolt of their own membership."

As we foretold, when the meat boycott started and there was much jubilation over the fall in the retail price of meat, the laugh would soon be on the other side. The little scare simply kept live stock off the market and gave the packers an excuse to raise prices, so that now, we are told, the consumer is but beginning to pay high prices for meat. There are ways to reach the packing trust but not through a boycott which effects the ultimate source of supply.

It is a commentary on our modern civilization that a man was sent to prison from Putnam county who had been arrested in a church. In ancient times the church was a sanctuary from which the civil laws must keep hands off. In modern times it seemed to many that the petty crime of which the man was accused was intensified because he had sought shelter, in his half frozen condition, in the church and had burned the church coal. When we shall cease to think of the church altogether as a place of Sunday worship and begin to look upon it more as an institution the end of which is to do good to men now as well as point the way to an hereafter, then will the church increase its power and only then. For what does the church exist except to help the needy and suffering?

TEACHER'S EXAMINATION.

We believe that the present system of providing questions for the examination of teachers in the state of Indiana is not a success. The questions are often such as to make it impossible for the examiner to

judge of the ability of the prospective teacher, either as a teacher or as a scholar. The examination in grammar in the last set of examination questions is a case in point. The examination is the most technical kind of technical grammar. It has about as much place in the common school, in the work of either teacher or pupil, as philology or metaphysics. Grammar, at its best should be an aid to composition, a corrective for bad forms of language. At its worst, in its super-technical form, it belongs with the outgrown things of the scholastic schools of the Middle Ages. Technical grammar is suited only to the type of mind that dwells eternally amid the insignificant details. Grammar on its broader basis is useful, but on its purely technical side is but a trap to catch teacher of the larger view. Again questions find their way into the examination lists that may be answered in almost any form and be within the limits of relative correctness. We believe that questions should require accurate answer and that they should deal in other things than technicalities.

HE WANTED MAN ARRESTED

Isaac Ford, Eighty Years Old, Said His Wife Had Been Taken Away From Him.

Deputy Sheriff Mike Kelley was called to the home of Isaac Ford, an old man who has passed his 80th milestone living about two miles southwest of Bainbridge, Tuesday morning, by Mr. Ford, who refused to state what was wanted until Mr. Kelley arrived. The old man then desired to have Andrew Couger, Wm. Harmless and his step-son a Mr. Snyder, arrested on a charge of taking his wife away from him. Mrs. Ford was the widow of Henry Snyder.

When Kelley saw her she stated that she left on her own accord, refusing to live with Ford because he failed to provide for her. She is now staying at the home of Andrew Couger. Kelley returned without making the arrests requested as no formal charges could be brought against any one.

Dr. H. A. Gobin has returned from Lafayette where he filled the pulpit in St. Paul's M. E. Church.

OPENING WAS A HUGE SUCCESS

DESPITE BAD WEATHER HUNDREDS OF PEOPLE CALLED AT NEW MODEL.

ALL ROYALLY ENTERTAINED

A large crowd of people thronged the rooms in the new quarters of the Model Clothing Company Tuesday afternoon, when the firm's big opening took place. The doors were thrown open at 130 and from that time throughout the remainder of the day, Mr. S. C. Prevo and his large force of clerks were kept busy receiving people who were desirous of looking through the establishment and congratulating the proprietor on his good taste and efficient management.

During the day the firm received many letters of congratulation from friends in different parts of the state as well as the many wholesale firms with which they do business. Numerous beautiful floral designs were sent by houses of which the Model people buy, among them being a large and elegant floral horseshoe sent by Fleischer Bros., of Philadelphia.

The Model people maintained the rule of not selling a single thing during the day and the entire force of clerks were kept busy entertaining the callers. Nearly two thousand carnations, furnished by Messrs. Troxel & Shake were given away. The College Orchestra, seated on the balcony in the rear of the store furnished music which was enjoyed in the rooms on the first floor as well as by the large crowd who were in the moving picture exhibition in the room up stairs, where later a ladies' ready-to-wear department will be opened. The moving picture show was a very enjoyable feature of the opening, being conducted by Messrs. Hoffman and John who ran the Airdome last summer, assisted by Mr. Thomas Hathaway. The pictures were thrown on the plain white walls of the room and were very distinct and interesting. The room held over three hundred individuals and was taxed to its utmost capacity throughout the afternoon.

Mr. Prevo was assisted by Mr. O. W. Henderson of the Sweet, Orr & Co., of New York and Mr. Kennedy of the Dassauer, Engle and Co., of Chicago. A large number of traveling salesmen called during the day and paid their respects to the firm. The force of clerks which also assisted and who will be with the firm permanently was composed of the following: Earl Lane manager; Reese F. Matson, Eddie Coffman, Elmer Wells, Ed. Williamson and young Prevo and Misses Hallye Nelson, Alice Murphy, Miss Bowman and Mrs. Matthews. Mr. Prevo expects to open the ladies' ready-to-wear department on August 1, at which time other clerks will be necessary.

HOGS SELL AT \$10.25

Highest Price Paid for Pork Since Days of the Civil War.

Hogs is hogs these days, and the fellow with a half dozen fat porkers in the crib has little to worry about in the future, except, possibly, the cholera. In the Indianapolis market Tuesday the price of hogs reached the highest mark ever known in Indiana, going beyond the ten dollar mark. Unless the prosecution in New Jersey results in conviction or alarm of the packers, there is little chance of pork getting any lower. One prominent farmer said that in the past five years he has sold hogs in this city for just half the price quoted Monday, and has frequently sold beef on foot at 3 and three-fourths cents per pound, and thought he was doing fairly well.

Mr. Barrett is an experienced dry goods man. What his intentions are regarding the future of the business, however, he has not announced. The purchaser left last night for Indianapolis and will not return until tomorrow. It is expected that he then will announce what he will do with the store.

Mr. Goldberg is undecided regarding his future. He stated on Tuesday morning that he would be here for at least two months and might go into another business enterprise here. He says it is more than likely that he will leave Greencastle however.

ATTACKED BY UGLY TRAMP

Mrs. Peter Butts, Living Near Putnam County Line, Was Equipped to the Occasion When Danger Menaced Her Home.

Mrs. Peter Butts, living near Calcutta, just across the Putnam County line in Parke County, was attacked by a vicious tramp on Tuesday and only her courage saved her from possible injuries. Mrs. Butts was at home alone with her baby when the tramp asked for something to eat. The woman to avoid trouble prepared a meal for the fellow and handed it out to him.

The tramp started toward the gate, but evidently deciding that there were no men folks about it occurred to him to rob the house. He accordingly laid the lunch on the fence, picked up an ax that lay on the woodpile and started back toward the house.

Mrs. Butts had watched the tramp form the window and when she saw him pick up the ax and start back she seized a shot gun that was in the corner of the house and stepping to the door, took the fellow completely by surprise. Aiming the gun full at him she commanded him to "git" and without giving the matter a second thought Mr. Tramp "got" with all possible speed. He came in the direction of Greencastle.

Large Crowd of Neighbors and Their Families Enjoy Feast and Musical Program

The local camp of Modern Woodmen of America held their second annual supper at their hall Tuesday evening and a very enjoyable time was had. A musical program together with recitations and readings helped to entertain those present. The affair was arranged by Oscar Obenchain, Ralph Confer and William Blake. The Woodmen have 198 members and several candidates to be initiated soon.

She became a Christian when only a mere child of twelve years living a true and faithful life.

She leaves to mourn her loss a heart broken husband, little daughter, Helen; father, mother and one brother also a host of near relatives and close friends.

Her life with us was brief yet she endeared herself to us in such a way that she will long be remembered by her family and friends.

Emma was kind cheerful, and patient never murmuring or complaining during her sickness which was full

of intense suffering.

When the end was near she called all the family and friends about her bidding each one a cheerful goodbye and requested her mother to tell her brother, who could not be present, "Good Bye and meet me in Heaven."

Our loss is her eternal gain, to her home is heaven, and her father, God, her earthly joys are ended and everlasting happiness is hers.

Thy gentle voice is hushed, Thy warm true heart is still, And on the yonder and immortal brow.

Is resting death's cold chill, Thy hands are clasped upon the breast.

We have kissed thy lovely brow, And in our aching hearts, We know no Emma now.

MAN WILL COME WITH QUESTIONS

TOWNSHIP ASSESSORS ARE NOW
HARD AT WORK LISTING ALL
PROPERTY.

\$18,000,000 IN PUTNAM

Before long, maybe tomorrow, a man will call at your house and ask you a long list of questions. He will ask you how much you have in the bank, how much you have in mortgage loans and how much your personal property is worth. You may be a little surprised at the boldness of his questions but you must not hesitate to answer them, and truthfully, because this is only a part of the work of listing the eighteen million dollars worth of taxable property in Putnam County, and the township assessors, under the direction of County Assessor George A. Dobbs, purpose to get at the facts regarding the same.

There is no assessment of real estate this year. Only personal property will be listed, but it is said that this year a determined effort will be made to get every big estate to give correct statements. Aside from the fact that personal property for tax assessment there is a great deal of valuable information to be gathered by the assessors, matter that will be of much value to the public when the matter is tabulated at the close of the assessment period.

On one blank there are fifty questions to be answered by each person assessed. Answers must be given showing the number of acres in each farm, the number of acres in wheat last year and what the crop yielded last year. The same answers will have to be given regarding corn, oats, rye, potatoes, onions, apples, berries, tomatoes, hay and every conceivable crop that can be raised on Putnam County soil. Not only does the owner have to tell what his last year's crop amounted to, but he will be compelled to state how much he consumed, and how much holds good of hogs, cattle, sheep, horses and mules. If any have been bought or sold or acquired in any manner, the fact must be stated and if any have died or have been killed the fact must be made known. The wool crop is included with the above, and even the poultry comes in for its share of statistical information. All in all, the assessor will have his hands full this year.

A CASE FOR THE POLICE

The parents of Miss Stella Freeland, the former Greencastle girl who was lured to New York, and sold into the white slavery by the agents of this traffic, is expected to arrive home next week. The trial of Harry Smith, his accomplice and the two women involved on charge of abducting the girl and selling her into white slavery is now on in New York and Otto Leighton, brother-in-law of the girl, is in New York as a witness. Mrs. Freeland says that she knows nothing new about the case, but that she expects her daughter home soon.

Parents of young girls of Brazil of high school age and even younger are considerably aroused over the rumor that there is one and possibly three young men, strange men in the city who are either "mashers" of the most disgusting kind or agents of white slave traffic. Chief Brown said that the matter had not yet been reported to him, but it comes to us from the parents of several girls in the city that there are some strange well dressed men who have been endeavoring to flirt with Brazil girls. Little was thought of the matter until the report came from many other sources, that parents of the girls think there is a systematic effort being made here to lure away Brazil girls into white slavery, as Miss Stella Freeland was sent to New York several weeks ago.

Chief Brown says he will investigate the rumor and if it is found that the same is true, the police will make it very interesting for the "mashers."

James McD. Hays and James W. Cooper have opened up an insurance office in Mr. Hays' former office over Zeis' grocery.

Mrs. Margaret Bruner has returned to her home at Crawfordville after being here for the funeral of Mrs. DeMotte.

BODY OF A BABY FOUND ON TRACK

SECTION MAN MAKES GREWSOME
DISCOVERY WHEN HE WENT
TO HIS WORK.

CORONER TO HOLD INQUEST

Coroner R. J. Gillespie was called to a point on the Big Four about seven miles west of Greencastle on Wednesday morning by John Plummer who reported that Dick Fraser, who works on the section had found the body of a baby, lying between the tracks.

Coroner Gillespie immediately drove to the scene and found that a newly born male child was lying between the two tracks of the Big Four near the home of Isaac Irwin. The only theory that can be advanced by the coroner is that the child must have been born on a train sometime during the night and then thrown out the window. The body was bruised and cut, although not badly mangled, and the position in which it was found, indicated that it had been thrown from a train.

Coroner Gillespie brought the body to town and will hold an inquest in regard to the case.

LAST SEEN AT ROACHDALE

Everett Call, who resided southwest of Ladoga on a farm, has mysteriously disappeared.

This was the last seen of Mr. Call and nothing has since been heard from him.

Mr. Call's wife is the daughter of James Jeffries and they have two small children.

The family is quite highly respected and no motive is known for his disappearance.

Mrs. Anna L. Day of Fillmore who has been winning many prizes with her barred Plymouth Rock stock has sold two fine birds to a man at Charleston, Ill., for twenty dollars.

TWO GO TO REFORMATORY

Richard White and Bob Smith are Taken Away By Kelley and Stone.

Deputy Sheriff Mike Kelley and Policeman Arthur Stone left Friday night for Jeffersonville, having in custody Richard White and Robert Smith, who were sentenced to terms in the Reformatory by Judge Rawley in the circuit court. White is to serve from two to fourteen years and Smith from one to eight years, the former on a forgery charge and the latter on a charge of larceny.

Before being taken away White was taken to his home by Deputy Kelley and allowed to bid his parents and sisters farewell. White's relatives appeared in court Friday and begged Judge Rawley to be lenient with the young man, but the conduct of White while in custody did not justify leniency, he having told so many falsehoods in regard to his crime. It is the general opinion of those about the courthouse that White was given every opportunity by the judge to act square and thus place himself in line for leniency, but that he failed to take advantage of the opportunity offered.

SKIN-TORTURES YIELD TO EASY TREATMENT

"In 1907 my face broke out in a mass of itching sores which finally affected my eyesight. I tried several highly recommended salves that cost one dollar an ounce, but to no avail. A friend of mine urged me to try Cuticura Soap and Cuticura Ointment as he was sure of good results from his own experience. I used the Cuticura Ointment for about six weeks, after washing thoroughly with the Cuticura Soap. My face is in perfect health now, which I owe to the Cuticura Remedies. I shall always stand by them as one of the greatest blessings to the suffering thousands. Arthur D. Gridley, 532 Dean St., Brooklyn, N. Y., Apr. 9, 1909."

"In the middle of the night of March 30th I woke up with a burning itch in my two hands and I felt as if I could pull them apart. In the morning the itching had got to my chest and during that day it spread all over my body. I was red and raw from the top of my head to the soles of my feet and I was in continual agony from the itching. I could neither lie down nor sit up. I happened to see about Cuticura Remedies and I thought I would give them a trial. I took a good bath with the Cuticura Soap and used the Cuticura Ointment. I put it on from my head down to my feet and then went to bed. On the first of April I felt like a new man. The itching was almost gone. I continued with the Cuticura Soap and Ointment and during that day the itching completely left me. Frank Gridley, 325 E. 43rd St., New York City, Apr. 27, '09."

ELKS INITIATE RECORD CLASS

LOCAL ORGANIZATION PLACES ITS MEMBERSHIP WELL TOWARD THE 200 MARK AT THURSDAY NIGHT MEETING.

SIXTY NINE TAKE WORK

There was mutual congratulation among the 200 and more men in the Elks hall Thursday night, mutual as between the members of the largest class thus far initiated into any order in Greencastle and the members of the order who administered the initiatory rites. Thursday night was the culmination of a campaign for membership that left no stone unturned where good men were the issue, and resulted in securing 89 applications for membership. All this number were not able to get to take the initiation work last night, however, and will take the degree later. 69 members were added to the lodge last night, and this brings the total well toward the 200 mark.

The initiation was held in the Elks hall and the work was done by the local team. After the initiation a spread was given and smoking was held and congratulations exchanged. It was well into Friday morning when the jubilant members, old and new, could tear themselves away from the hall and wend toward their homes. Those taking the initiation last night were:

FIRST NATIONAL BANK CASE

Change of Venue Taken in Case From Putnam County Which Went to Vigo.

From the Terre Haute Star: Occupying the unique position of being the only suit of its kind on record in the state of Indiana, the case of Rudy Burkett as administrator of the estate of the late Zephus Thomas against the First National Bank of Greencastle, was up in circuit court again Saturday. Judge Fortune, on motion of the plaintiff's attorney for change of venue before another judge, appointed Fred W. Beal as a circuit judge to act in this state.

This case is an interesting one from standpoint of legal technicality and involves a point of law never before passed on by any court of which there is a record. In 1876 Zephus Thomas placed in the First National Bank of Greencastle \$3,500 on deposit, which during his life time was never withdrawn. After his death the administrator appointed made demand on the bank for the money, which refused on the ground of statute of limitation. Suit was then filed in the Putnam County Circuit Court, but before trial a change of venue was taken, the case being sent by Judge Rawley to Judge Piety of the Vigo Circuit Court.

A demurrer to complaint was filed before Judge Piety, but before he acted on the case he went out of office, leaving this for his successor, Judge Fortune, who overruled the demurrer and the plaintiff asked a change of venue, which was granted, sending the case to O. B. Harris, who reversed the decision of Judge Fortune and sustained the demurrer.

The defense then asked a change of venue, which came up Friday afternoon, and Judge Fortune submitted three names, allowing each side to strike out one name, while the remaining name he would appoint to try the case. This resulted in the naming of Fred W. Beal. No date was set for the trial, but it is understood that it will be held shortly after Mr. Beal qualifies as special judge for the case.

WHO IS TO BE THE DEPUTY?

New Postmaster to Leave Selection of the Influential Men of the Party.

Who is to be the deputy postmaster, is the next question to be settled on the perturbed waters of the Republican sea. Something like a half dozen applicants are after the place, among whom are Will Peck, James Albin and Charles Houghland. It is said that Joseph Torr who was a candidate for postmaster has been offered the place and there is some indication that he may take it. Mr. Lockridge informed several of the aspirants that he intended to leave the selection of a deputy to the influential men of the party and to the people generally. Just what method he will employ to do this is not known. While Mr. Torr has made no intimation that he would accept the deputyship, it is understood that a movement is on foot among the prominent republicans to have him appointed in order to make a better feeling among the contending factions of the party. Mr. Lockridge's appointment and confirmation will probably go through within the next few days and it is probable that he will take the office immediately following. A postoffice inspector will come, check out the present incumbent and then turn the office over to Mr. Lockridge. The force of clerks will remain by virtue of their civil service commissions.

A BUSY DAY IN CIRCUIT COURT

MANY MATTERS OF IMPORTANCE DISPOSED BY JUDGE J. M. RAWLEY

JAS. BROWNING HAS TRIAL

James W. Browning, who was arrested last week on a charge of deserting his two-year-old child was tried in the Putnam Circuit Court Saturday. Browning plead not guilty and asked for a jury.

Browning had previously stated that the child alleged to have been deserted was not his child but Judge Rawley, after a consultation with the attorneys in the case in which he was apprised of the facts ruled that no evidence in regard to the legitimacy of the child should be received by the court. Browning and his wife were divorced, remarried in June, 1907. The child was born in April, 1908. The court held that it would be an injustice to the child and the home to permit such evidence to become a matter of record and Browning was compelled to furnish defence upon some other grounds. The case was opened at eleven o'clock Saturday.

At 2:30 Saturday afternoon the jury arrived at an agreement. Judge Rawley had gone to his home at Brazil and left Attorney T. C. Grooms in charge of the case. Mr. Grooms received the verdict which found Browning guilty and gave him a fine of \$150 together with a jail sentence of sixty days.

Notes From Docket.

In the matter of the estate of Charles Newgent, deceased, a report of partial settlement was made by the administrators, Joseph and John W. Newgent, and the same was approved by the court.

Report of final settlement was made by John W. Young, guardian of Frances O. Walker, and the same was approved by the court.

The slander suit of Emory L. Jones vs. George W. Wingfield was tried by the court Saturday morning and the court found for the defendant.

Frederick C. Weik, defendant in the case of George W. Bence vs. Frederick C. Weik, Thomas McIntosh and James Hanley, filed a motion for a change of venue, which was sustained and the court sent the case to Clay County.

Maggie Burgan vs. the C. C. C. & St. L. Railway Company, trial by court and finding for the plaintiff in the sum of \$205.

Frank Conner, by his next friend, John Conner vs. Joe M. Eads and H. S. Young, trial passed until March 16 at costs of the plaintiff.

The current report of John T. Edwards, guardian of Georgia Halley, an adult person of unsound mind was approved by the court.

In the matter of the guardianship of Kenneth Earl Wendling and in the matter of the guardianship of Forest Darrell Wendling, minor heirs of Chas. Wendling, deceased, the reports of Isaac E. Weddle, guardian, were approved.

The partial report of Albert G. Raines, guardian of Wilburn Farmer, minor, was approved.

In the matter of the guardianship of Lucinda King, an adult person of unsound mind, Isaac E. Weddle, guardian, current report was received and approved by the court.

QUESTION WAS PUZZLER

Only Five Out of Eighty Teachers Knew How to Solve Problem at Teachers' Examination.

Question No. 6 in the teachers' examination held at the office of County Superintendent Oscar Thomas Saturday was a puzzler for the teachers. Superintendent Thomas states that only five out of eighty who took the examination knew how to solve the question which was to reduce a certain complicated fraction to its simplest form. For the benefit of those who failed on the question, we print the following rule 85 on page 51 of Ray's Higher arithmetic.

"In every such numerical statement the plus or the minus must be understood to affect the whole result of the operations indicated between it and the next plus or minus or between it and the close of the expression."

MRS. LELIA W. DEMOTTE

Well Known Greencastle Woman Dies at Indianapolis Hospital on Friday Afternoon.

Greencastle friends of Mrs. Lelia W. DeMotte, and numerous friends over the state were shocked Saturday morning to hear of her death, on Friday afternoon, at the Methodist Hospital in Indianapolis, where she had gone several weeks ago for treatment. While all here knew that her condition was serious, still few had known that hope of ultimate recovery was abandoned. When Mrs. DeMotte entered the hospital it was believed that she was suffering from cancer, but nothing of this nature developed and her death was due to other causes.

Lelia DeMotte was the widow of the late John B. DeMotte, Sr., the celebrated lecturer whom Greencastle loved to honor not only for his ability upon the platform, but for his nobility of character. Mrs. DeMotte shared to an unusual degree this universal love and respect. She was one of the most gifted of our intellectual women, and took a leading part in things intellectual as they found expression in the club work of the city. Only shortly before her departure for Indianapolis she read before the Theta Alumnae Club a paper on "The Return to Country Life in America" that was one of the most interesting, suggestive and helpful papers ever listened to by the members.

She had also a leading part in church work and the various activities of the church, and will be missed from the roll of the workers.

Mrs. DeMotte was born in Newport, Vermillion County, Indiana, in 1855. She was a graduate of DePauw, then Asbury University, taking her bachelor's degree in '77 and her master's degree in 1880. She was married to John B. DeMotte in 1878. She leaves of her immediate family her mother, Mrs. Serena J. Washburn, and two sons, Lawrence, now teaching in the East, and John B. Jr., now of Seattle, Wash. Both are here for the funeral.

TO STAY AT MARTINSVILLE

Rev. C. W. Cauble formerly pastor of the Christian Church of this city, now located at Martinsville was elected vice president of the Bethany Association by the Board of Directors at a meeting held in Indianapolis last week. The matter was brought to the attention of the official board of his church last Sunday and the board approved of the matter and gave Mr. Cauble permission to accept the office, feeling that the offer carries with it a great deal of honor. Mr. Cauble then notified the board of directors that he would accept the office. He will be the head of the Association, although only elected to the office of vice-president he will be acting president. A new president will not be chosen until after the close of the Assembly this year in September. The opening date for the Assembly this year is July 28th, and will continue for three weeks.

Rev. Cauble was reluctant to accept the office, although grateful for the recognition that the election carries with it. There is a great deal of work to be done and he expects to give time and effort to the Association and will endeavor to make Bethany better and bigger in time to come.

Rev. Cauble succeeds Rev. L. L. Carpenter who was president of the Association for many years, holding that office until his death only a few days ago.

NEWSPAPER MAN IS DEAD

James L. Thornton was Owner and Editor in West.

A stroke of paralysis eight years ago caused the death Saturday afternoon of James L. Thornton, 60 years old, 1125 College Avenue. Mr. Thornton formerly was owner of the Daily Capitol at Sedalia, Mo., and was interested at various points in other papers at Topeka, Kansas. Both before and after his active work as an owner and editor of newspapers he lived in Indianapolis. He was a graduate of Northwestern University, class of 1871, and a member of the Sigma Chi Fraternity. He leaves a

For Sprains

Sloan's Liniment is the best remedy for sprains and bruises. It quiets the pain at once, and can be applied to the tenderest part without hurting because it doesn't need to be rubbed—all you have to do is to lay it on lightly. It is a powerful preparation and penetrates instantly—relieves any inflammation and congestion, and reduces the swelling.

Here's the Proof.
Mr. L. ROLAND, Bishop of Stratton, Pa. says:—"On the 7th of this present month, as I was leaving the building at noon for lunch, I slipped and fell, spraining my wrist. I returned in the afternoon, and at four o'clock I could not hold a pencil in my hand. I returned home later and purchased a bottle of

Sloan's Liniment

and used it five or six times before I went to bed, and the next day I was able to go to work and use my hand as usual."

Sloan's Liniment is an excellent antiseptic and germ killer—beats cuts, burns, wounds and contusions, and will draw the poison from sting of poisonous insects.

widow and three children, Omer Thornton, now on the stage, Mabel C. Thornton and Mrs. A. T. Sarris. He was a brother of Charles E. Thornton, formerly a prominent business man of this city, who died two years ago. The funeral will be held Monday afternoon.—Indianapolis News.

Mr. Thornton was born and raised near Bainbridge and is well remembered in the north part of the county.

HOW GOOD NEWS SPREAD.

"I am 70 years old and travel most of the time," writes R. F. Tolson of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time. They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, rundown men and women, restoring strength, vigor and health that's daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by the Owl Drug store and Red Cross Drug store."

A suit was filed Monday at Rockville by Perry A. Harmless against Margaret Harmless to set aside the will of Adam Harmless, who died six weeks ago. Under the will Mrs. Margaret Harmless, wife of the deceased, inherits one-third of the property, and the children, including a child of Mrs. Harmless, by a former marriage, two-thirds. Perry A. Harmless is a son of Adam and brings the suit on part of the heirs who are dissatisfied with the terms of the will.

To correct distressing urine any ill? To surely cure sick kidneys? Just one—your neighbors know—Have used Doan's Kidney Pills: Have proved their worth in many tests.

Here's Greencastle's testimony. Logan Mize, 308 Ohio Street, Greencastle, Ind., says: "I suffered for a long time from kidney complaint. Seeing Doan's Kidney Pills advertised, I procured a box at the Jones, Stevens & Co's Drug Store and after using them a short time my pains and aches left me and my kidneys were restored to a normal condition." (Statement given Sept. 13, 1906.)

CONVINCING PROOF

OF THE VIRTUE OF

Lydia E. Pinkham's Vegetable Compound

What is the use of procrastinating in the face of such evidence as the following letters represent? If you are a sick woman or know one who is, what sensible reason have you for not giving Lydia E. Pinkham's Vegetable Compound a trial? For 30 years we have been publishing such testimonial letters as these—thousands of them—they are genuine and honest, too, every one of them.

Mrs. S. J. Barber says:

"I think Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women—and I feel it my duty to let others know the good it has done for me. Three years ago I had a tumor which the doctor said would have to be removed by an operation or I could not live more than a year, or two, at most. I wrote Mrs. Pinkham, at Lynn, Mass., for advice, and took 14 bottles of Lydia E. Pinkham's Vegetable Compound, and today the tumor is gone and I am a perfectly well woman. I hope my testimonial will be of benefit to others."—Mrs. S. J. BARBER, Scott, N. Y.

Mrs. George May says:

"No one knows what I have suffered from female troubles, neuralgia pains, and backache. My doctor said he could not give me anything to cure it. Through the advice of a friend I began to use Lydia E. Pinkham's Vegetable Compound, and the pain soon disappeared. I continued its use and am now in perfect health. Lydia E. Pinkham's Vegetable Compound has been a God-send to me as I believe I should have been in my grave if it had not been for Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound."—Mrs. GEORGE MAY, 89 4th Ave., Paterson, N. J.

Mrs. E. F. Hayes says:

"I was under the doctor's treatment for a fibroid tumor. I suffered with pain, soreness, bloating, and could not walk or stand on my feet any length of time. I wrote to Mrs. Pinkham for advice, followed her directions and took Lydia E. Pinkham's Vegetable Compound. To-day I am a well woman, the tumor was expelled and my whole system strengthened. I advise all women who are afflicted with tumors or female troubles to try Lydia E. Pinkham's Vegetable Compound."—Mrs. E. F. HAYES, 1890 Washington St., Boston, Mass.

Mrs. W. K. Housh says:

"I have been completely cured of a severe female trouble by Lydia E. Pinkham's Vegetable Compound, and want to recommend it to all suffering women."—Mrs. W. K. Housh, 7 Eastview Ave., Cincinnati, Ohio.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

OBITUARY.

Mary Jane Harris was born May 20, 1834, died Feb. 19, 1910, aged 75 years, 7 months and 29 days.

Aunt Mary Jane, as she was so familiarly known, lived her long life in the community where she was born and reared near New Maysville, Ind. She was the youngest of a family of six children—Mille, Ann, Lucretia, Thomas, William, Temple, Amanda and Mary Jane. Only one of this pioneer family is now left, Amanda, and she is in very feeble health. Besides the sisters thirteen nephews and nieces survive her. She professed faith in Christ as a personal Saviour and united with the New Maysville Baptist Church in early girlhood and lived a sweet, faithful Christian life until her death. "They that endure unto the end, the same shall be saved." She was of a timid, retiring disposition, but all who knew her loved and respected her, as she was always kind and obliging as a neighbor and as a friend, and was good to those in need and distress. She passed away to the better life without a struggle and as peacefully as one falling asleep, just after she had served the family meal. Her life was beautiful and her end peaceful. She has gone to be with Christ and the great host of the loved of other long years; in the glorious mansion which was already prepared for her.

The funeral sermon was preached by Rev. J. E. Sherrill, of Danville, from the text, "Blessed are the dead which die in the Lord from henceforth ye, saith the Saviour, that they may rest from their labors, and their works do follow them"; at New Maysville Church Monday, Feb. 21, 1910, in the presence of a large congregation of neighbors and friends.

STUBBORN AS MULES are liver and bowels sometimes seem to balk without cause. Then there's trouble—loss of appetite—indigestion, nervousness, despondency, headache. But such troubles fly before Dr. King's New Life Pills, the world's best stomach and liver remedy. So easy, 25c at the Owl Drug store and the Red Cross Drug store.

Tickling in the Throat

"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger—a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting, and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Constipation positively prevents good health. Then why allow it to continue? An active liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

WHY SLAVES FAIL

TO CURE ECZEMA.

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward slave that clogs the pores.

We recommended to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful it to our patrons.

Bargain In Fence Posts.

I have the seasons cut from my own camps in the Lake Superior district the finest line of Michigan Cedar farm fence posts ever offered on the market. It is my desire to sell these posts to farmers in car load lots. I can save you a great deal of money because I ship direct from the tree to you, without first sorting and shipping to other yards, no expense of re-handling, or additional freights and absolutely no middlemen's or agents' commission. You save all such expense and are assured of getting just what I represent. These posts are as pretty as a picture, sound and very lasting. The railroads are exclusively using this class of posts.

ALL POSTS ARE ROUND, PEELED, SEVEN FEET LONG (GENERALLY TWO OR THREE INCHES LONGER) AND FOUR, FIVE, SIX, OR SEVEN INCHES IN DIAMETER AT SMALL END, AS YOU DESIRE.

In Cedar inspection however, a 3½ inch post goes for a 4 inch top, 4½ for 5 inch, 5½ for 6 inch and 6½ for 7 inch. But the average top is greater than the 4, 5, 6 or 7 inches, for a leeway of nearly ¾ of an inch larger is allowed. So you see a 5 inch top post most frequently runs over 5 inches—even up to 5½ inches. So the size runs in comparison in all sized posts.

I have shipped a car load of such posts to John P. Allee and Scott Browning of Greencastle, Ind., and I am sure either of these gentlemen will say to you upon inquiry, that the posts were much finer than I represented.

A FENCE BUILT OF THESE POSTS WILL MAKE YOUR NEIGHBOR'S LOOK SHODDY, AND AT THE SAME TIME YOU ARE GETTING A LASTING POST MUCH CHEAPER THAN HAS EVER BEEN OFFERED BEFORE, OR WILL BE BY ANY ONE AGAIN.

MY PRICES FOR POSTS AS BELOW GIVEN ARE FOR CARS AT ANY SHIPPING POINT ON THE MONON RAILROAD IN PUTNAM, OWEN OR MONTGOMERY COUNTIES. REMEMBER, I PAY THE FREIGHT. I WILL MAKE PRICES FOR CARS TO ANY POINT ON ANY RAILROAD UPON APPLICATION.

4 inch top 15 cents per post.

5 inch top 20 cents per post.

6 inch top 24 cents per post.

7 inch top 29 cents per post.

The 7 inch top is frequently used as a corner post and is too cheap to talk about.

The smallest car will hold about 1800 4 inch posts; or 1400 5 inch; or 1000 6 inch; or 700 7 inch. If desired I will ship in mixed car load lots. If you cannot use a whole car, join with your neighbor or several neighbors and order together. There will be no trouble in dividing the posts, for they are all fine. To responsible parties I will ship on approval for I know there will be no refusal when you once see the posts.

I invite correspondence at once. Address me 1420 Marquette Building, Chicago

BRACKNEY ROAD CASES SETTLED

RECEIVER TO FINISH THE FITCH AND JUDY HIGHWAYS IN CLINTON TOWNSHIP.

COMPROMISE IS EFFECTED

The case of Joseph Brackney, Charles L. Brackney, and Nathaniel Holland against Daniel C. Brackney was called in the Putnam Circuit Court Tuesday and was tried by Judge Rawley. The plaintiffs who are sureties on the bond of Daniel C. Brackney, the contractor building the Wesley Fitch et al gravel road in Clinton Township, alleged that defendant is insolvent and that he is carrying on the work in such a loose way as to jeopardize them as sureties. They ask that the work be turned over to them and that the commissioners be enjoined from paying Daniel Brackney any more money on the contract. They agree to turn over all profits secured by them in the work to Daniel Brackney. The latter denies being insolvent and the case was fought through. S. A. Hays represented the plaintiffs and Jackson Boyd the defendant. County Attorney Gillen appeared for the county.

After being fought in court for several days the Brackney road case was settled by a combination of compromise and judgment of the court. By the settlement a receiver is to be appointed by Judge Rawley and the receiver will finish the Wesley Fitch road and the S. H. Judy road, which has been under construction by Joseph Brackney.

Joseph and Daniel Brackney formed a partnership to construct the two roads. After working for some time it was agreed between the two that Daniel Brackney should take the Fitch road and Joseph Brackney the Judy road. Both continued work on their respective roads. Joseph and Charles Brackney and Nathan Holland were on Daniel Brackney's bond and fearing a loss they asked to take the road out of Daniel's hands and finish it. Daniel answered this proposition with the assertion that Joseph had his hands full with the Judy road; that he was an inexperienced road man and that he was doing no better with the Judy road than he (Daniel) was with the Fitch road. After hearing all the evidence Judge Rawley decided to take both roads out of the hands of both men and to appoint a receiver to finish the work.

By the terms of the agreement, all the expenses incurred in the building of the two roads are to be paid out of the proceeds; the machinery is to be paid for and is to become the property of Daniel Brackney. If there is any profit left out of the Fitch road it goes to Daniel and if there is any profit left out of the Judy road it is to go to Joseph. If there is profit out of one and not the other, such profit is to go toward paying the expenses of the other road.

OBITUARY

OBITUARY

Mrs. Mary Jane Watt, oldest daughter of Mr. and Mrs. Benjamin Dobson, was born March 18, 1863, in Clay County, near Lena, Indiana, and died Feb. 16, 1910, of cancer, at Shelburn, Indiana; aged 46 years, 10 months and 28 days.

She was united in marriage to Robert Watts Oct. 12, 1890. To this union was born 2 daughters and 3 sons, all of whom are living.

Mrs. Watts had been sick for many months and bore her sufferings with a Christian patience never complaining or murmuring, but always bright and cheerful.

She leaves a host of mourning friends and relatives, chief of whom are her husband, 3 sons, James, Arthur and Leonard; 2 daughters, Flora and Anna; father and mother, 4 brothers, John, David, William and Ernest Dobson; 4 sisters, Mrs. Noah Morlan, Mrs. Malinda Armstrong, Mrs. Grant Underwood and Mrs. Preston Williams, and many other relatives and friends.

We saw her suffer, heard her sigh, With throbbing hearts and weeping eyes; But now she calmly sleeps at last; All pain, all grief, all suffering past.

We loved you, yes; no tongue can tell How much we loved him and how well God loved you, too, and he To take you home to be at rest.

OBITUARY

On February 22, 1910, the angle of death visited the home of Charles and Mary Reeves and claimed their little daughter, Mary Myrtle Marie, age 4 months, 19 days.

She was born at the hour of ten o'clock a. m., Feb. 22, and after all that a kind and loving mother could do with the help of their family physician their little darling went to rest.

The body was laid to rest in the Eminence Cemetery.

We will be glad when the day is done, And all its care and heartaches laid away We could look westward to the hidden sun; And with a heart full of sweet yearnings, say: Tonight we are nearer to our little one.

OBITUARY

Celia Cunningham Bajes was born in Putnam County, May 28, 1872, and departed this life Feb. 12, 1910.

She united with the M. E. Church at Mt Pisgah March, 1892 and lived a faithful and loving life as a Christian since.

She leaves to mourn her loss a husband, two little daughters, four sisters, three brothers, two brothers-in-law and a host of friends and relatives to mourn her loss.

A father, mother and sister have preceded her to the better world. A gentle voice now is hushed, A warm true heart is still; And on the loving tender brow Is resting death's cold chill The hands are clasped upon thy breast.

We have viewed the lovely brow, And in our aching hearts we know.

OBITUARY

Six sad years since she has left us Whom we loved and cherished dear; Can we help but feel lonely, When our dear mother is not here. No more her kind and loving face Shall light the gloom of our home. Yet in memory's love we see her, While in sorrow we are alone. Off from our hearts comes the bitter cry— Why, oh, why did our dear mother die?

Then comes the thought so solemn and deep— She is not dead; only sleeping. 'Tis hard to break the tender cord, Then love has bound the heart. 'Tis hard to speak the word— Must us forever part?

We saw you suffering, We heard you sigh, But now you calmly sleep at last, All pain, all grief and suffering past; God who loved you; too He that is best, To take you home to be at rest.
